REPORTING

Financial information to report by the investment companies in risk capital (SICARs): Introduction of a standardised half-yearly financial reporting

While SICARs were free until now to submit their half-yearly reports to the CSSF in any given format, the CSSF decided to introduce a standardised format for those reports.

A circular-letter introducing this standardised financial reporting has just been sent to all SICARs. It specifies the content, drawing-up and communication of financial information that SICARs are requested to produce.

This financial information must be drawn up on a half-yearly basis as at 30 June and 31 December each year and will be used by the CSSF for prudential supervisory and statistical purposes. The information must be transmitted to the CSSF within 45 days of the reference date.

Data will be transmitted electronically based on a Microsoft ® Excel template that can be downloaded from the CSSF website (<http://www.cssf.lu>) in the section Legal reporting/Periodic reporting/SICAR and which must be adequately filled out and transmitted to the CSSF within the prescribed time limit. The circular-letter and the Schedule of conditions are available on the website as well (in French).

The standardised half-yearly information must be drawn up for the first time as at 31 December 2007.

■ UNDERTAKINGS FOR COLLECTIVE INVESTMENT AND SPECIALISED INVESTMENT FUNDS AT THE END OF OCTOBER 2007

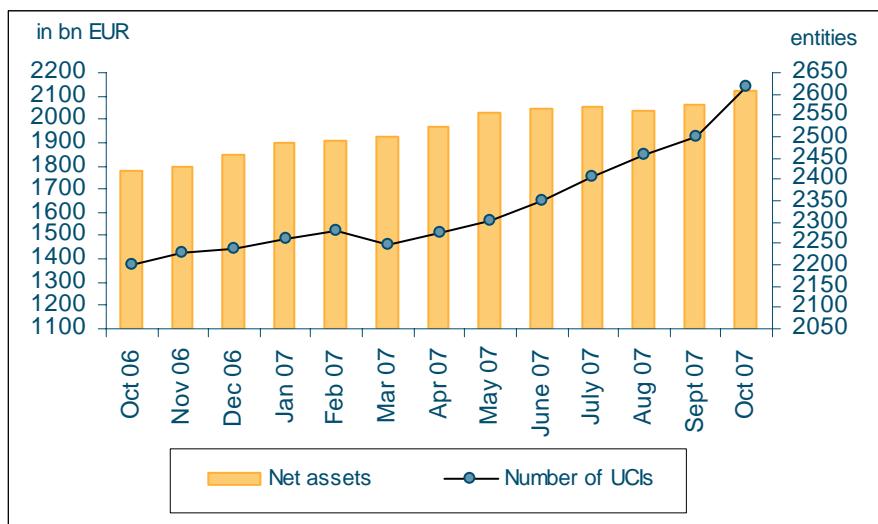

I. Overall situation

As at 31 October 2007, total net assets of undertakings for collective investment and specialised investment funds reached EUR 2,123.519 billion compared to EUR 2,059.144 billion as at 30 September 2007, i.e. a 3.13% growth as compared to September 2007.

STATISTICS

This growth can be explained essentially by the inflow of new capital as well as the rises in most of the stock markets.

During the month of October 2007, net capital investment amounted to EUR 24.630 billion. Compared to 31 December 2006, net capital investment totalled EUR 178.579 billion.

In October 2007, the sector increased by 15.11% compared to 31 December 2006 when the total net assets amounted to EUR 1,844.850 billion. Over the last twelve months, the volume of net assets rose by 19.22%.

The number of undertakings for collective investment (UCI) and specialised investment funds (SIFs) taken into consideration totalled 2,618 as against 2,501 in the previous month. A total of 1,588 entities have adopted an umbrella structure, which represents 9,614 sub-funds. When adding the 1,030 entities with a traditional structure to the previous figure, a total of 10,644 sub-funds are active in the financial centre.

Circular CSSF 07/325:

Provisions relating to credit institutions and investment firms whose head office is in another Member State established in Luxembourg by way of branches or by free provision of services

Circular CSSF 07/325 follows the entry into force of the law of 13 July 2007 on markets in financial instruments and repeals and replaces circulars IML 93/100 and IML 98/147. Credit institutions and investment firms that benefit from the European passport can provide their banking and investment services/activities in any Member State based on the principle of supervision by the home supervisory authority. The circular details, for the attention of the branches of credit institutions and investment firms whose head office is in another Member State, the provisions that their Luxembourg branches must comply with under the new framework of the law of 13 July 2007. Indeed, certain areas of supervision fall within the remit of the CSSF, considered as the authority that is the closest to the branch and better placed to detect issues and intervene in order to ensure compliance with the rules imposed on branches.

NATIONAL REGULATION

Circular CSSF 07/326:

Provisions relating to Luxembourg incorporated credit institutions and investment firms established in another Member State by way of branches or by free provision of services

Circular CSSF 07/326 follows the entry into force of the law of 13 July 2007 on markets in financial instruments and repeals and replaces circulars IML 93/99 and IML 98/148. It informs on the role of the CSSF as competent authority of the home Member State and draws the attention of Luxembourg credit institutions and investment firms to the provisions to be complied with under the new framework established by the law of 13 July 2007 when establishing a branch or providing services in another Member State of the European Union. The forms to be used by Luxembourg institutions to notify the establishment of a branch or the free provision of services are appended to the circular. It should be noted that those forms have been drawn up by CESR in order to harmonise the content of the information to be sent by the competent home authority to the competent host authority within the scope of the notification procedure.

INTERNATIONAL REGULATION

■ CONSULTATION PAPERS OF THE COMMITTEE OF EUROPEAN BANKING SUPERVISORS

Large exposures

The CSSF draws the attention of the credit institutions and all other interested persons on the consultation paper on the large exposures rules published by the Committee of European Banking Supervisors (CEBS). This consultation is part of an in-depth review of those rules. CEBS' advice will inform the European Commission, which is expected to present a Directive in this field in the course of 2008.

In particular, the consultation document addresses three subjects that are of particular interest to the institutions in the financial centre, given their activities:

- intra-group exposures (and in particular cross-border intra-group exposures)(Chapter 6);
- interbank exposures (Chapter 8);
- conversion factors for off-balance sheet items (Chapter 3).

Considering the non-negligible impact that changes to the rules in the aforementioned fields are likely to have on Luxembourg credit institutions, the CSSF encourages them to participate actively in CEBS' consultation. The consultation paper (CP 16) is available at the following address:

http://www.c-ebs.org/Consultation_papers/consultationpapers.htm.

The consultation runs until 22 February 2008.

INTERNATIONAL REGULATION

Own funds

The second consultation paper published by CEBS relates to Tier 1 hybrid capital instruments. So far, EU Directives do not address these instruments which have been recognised by the Basel Committee on Banking Supervision through a press release dating back to 1998. The consultation paper aims to achieve a common interpretation at EU level of the eligibility criteria set out in that press release, with the purpose of introducing the concept of these hybrid instruments into European texts. The consultation paper CP 17 is available at the following address: http://www.c-ebs.org/Consultation_papers/consultationpapers.htm.
